

Information You Should Know:

- Local Police/Dispatch:** Most people are not familiar with the way calls are handled by police through their local 911 center. Calls are assigned a priority for response by officers. Priority 1 calls are emergencies with imminent threat. Priority 2 calls include response to non urgent incidents. Priority 3 calls, the lowest priority calls are where alarm response waits and are often never responded to, or responded to long after the alarm goes off. Police resources dictate how long it takes for response to take place. Conversely, Hawkeye Security officers are dispatched immediately to investigate alarm activations.
- FBI Statistics:** The 2010 Crime Report recently released compares crime rates for 2011 vs. 2012. The information is provided here for Portland/East County to potential clients for their education.

	Violent	Property
% Increase	1.77	12.25

- Hawkeye Security** has developed one of the strongest and most effective management teams in the Northwest. We attract exceptionally well qualified personnel and a team of self motivated managers whose passion for the profession gives us an operational dynamic few companies enjoy. Our management team is always looking for newer, more efficient ways of serving our clients as well as staying on top of new and emerging technologies available to the Security Industry.

TRUST - In the end the only thing that matters is that you feel confident in the services provided on your premises. We will earn your trust through our daily actions not by words on a piece of paper.

Why Hawkeye Security?

Whether on-site or patrol, our uniformed officers project a professional image on your property.

Hawkeye Security was formed from the observation that there is a need for a competent, comprehensive security services company in the Portland Metropolitan Area. Our ownership and management come from over 25 years combined experience in Law Enforcement, Military and Security. We are

committed to providing the highest quality of services to our clients and maintaining our values which are Service, Integrity, and Respect. To this end, although the company was only founded in 2010 we have grown quickly and the last two years we have been the recipients of the Best Security Guard Service in Portland award. Our values of Service, Integrity and Respect serve as our guiding principles.

Unlike most Security companies we are available 24 hours a day, 365 days a year to respond.

Without a commitment to each of these not only will we be unable to perform our duty to clients but our business will fail as our foundation would fail. It is only through rededicating ourselves to these values daily that we will succeed and provide uncompromising services to our clients. We constantly strive to set the highest standard and lead the field as a top security company in the Northwest.

Our Services:

- **Patrol/Alarm Response** – Our uniformed officers patrol client property in late model, fully marked vehicles equipped with state of the art equipment. These vehicles provide the greatest visual deterrent on client property. Equipment in each vehicle includes mounted computers, providing constant communication with dispatch utilizing our proprietary software and full safety and first aid equipment. In addition, each officer is first responder certified.
- **On-Site** – Full time On-Site client officers are provided the same vehicle and technology that our patrol officers are equipped with. An on-site officer however, remains on your premises during the contracted hours, providing you with the greatest peace of mind. In addition, on-site officers have access to responding patrol officers for back-up as needed.
- **Investigative** – Hawkeye Security works hand in hand with local law enforcement to provide investigative services when appropriate to respond to incidents on client property. We are also able to perform additional investigative functions requested by the client.
- **Alarm Monitoring** – For system integration we are able to offer alarm monitoring with our patrol services conveniently billed on one invoice.

Our dispatch center provides 24 hour access for clients to officers and maintains our proprietary CAD (Computer Aided Dispatch) system.

Selecting Hawkeye Security Means:

- **Hawkeye Security** provides 24 hour peace of mind knowing that we are just one call away for any security needs.
- **Hawkeye Security** provides the right people. Regardless of what some security providers may try to sell you, it all comes down to having the right people. At Hawkeye Security we are focused around the needs of our customers giving our clients the best overall service and professionalism possible. This commitment is reflected at every level, from our Client Services representatives down to our officers. Our hiring process is rigorous and selective. Our training goes beyond the industry standard. All officers are certified through appropriate state licensing agencies. In addition Officers must complete our comprehensive in house academy as well as recurrent training.
- **Hawkeye Security** never stops responding. Unlike public Law Enforcement which may stop responding to alarms and begin fining for false alarms Hawkeye Security is always there to respond and investigate security concerns.
- **Hawkeye Security** saves you money on insurance. Upon request, we can issue a certificate of coverage which includes our contract with you the client and a copy of our insurance as well.
